Web Page:

Aloha. My name is Julia Allen. I was born in Honolulu and live in our family home which my parents have owned since 1947 when mom & dad scraped up enough money for an agreement of sale.

Our 20th District consists of Maunalani Heights, Palolo Valley and St. Louis Heights where I live. It is a lovely part of town that stretches from a newly vibrant Kaimuki to the majestic Koolaus.

I am a small business owner as is my husband, Michael Palcic. We work long and hard each day to build our lives in Hawaii. We cherish Hawaii's people and the precious environ that surrounds us. We have no children of our own, but treasure our island keiki and know that in them lies the future of Hawaii. We tend our garden, care for our animals and share the bounty of our lives wherever we can.

I am campaigning for the House because vital issues must be addressed: true education reform, responsible use of tax dollars, and creation of an open and transparent legislative process. I think our new governor deserves the support of the people as she straightforwardly addresses Hawaii's challenges. The power plays and secrecy in our legislature must end.

I am new to the political arena. I have never before campaigned for office. I have a lot to learn, but I will work hard for the public interest. This I promise as I ask for your vote.
